Today is a special day in your life. We know that you would like to have photographs and videos of this special event. However, this is a worship service. We ask you to follow the same rules that professional photographers follow. That means no flash photography, no artificial lighting for your video, no moving around in the front of the church. You may take any photos you wish with natural light from the rear of the church or the balcony. If you want to shoot videos or photographs from your seat in the pew, you may do so providing you use natural light.
